

CreaCo Texas Pre-Outreach Questionnaire

Thank you for your interest in CreaCo Texas Outreach - An immersive learning experience that allows animal enthusiasts to learn firsthand about animal origins, behavior, and responsible human behavior towards Earth's creatures.

In an effort to carry out our mission in different settings, please select the options that best suit your educational needs. If you have any questions or are requesting a more tailored outreach to meet your needs, please contact CCTX at (512) 363-6459 or email at info@creacotx.org.

Presentation Type

The duration of the presentation, guided interaction, and group picture are 1 hour total, unless additional time is requested.

Option 1: Formal Presentation

Includes a lesson that aligns with TEKS TEA Texas Essential Knowledge and Skills for Science. Conservation and biological concepts centered on responsible human-animal relationships and wildlife conservation will be thoroughly explained. The audience is engaged via guided questions throughout the presentation.

NOTE: The extent of coverage in which educational concepts are covered may be greater or lesser depending on the presentation duration.

Select the desired time-frame below if you are selecting the formal presentation.

- 15 minutes
- 30 minutes

Option 2: Informal Guided Interaction & Keeper Talk

CreaCo Texas and our mission are briefly introduced then the guided interaction and "Keeper Talk" begin. Participants may ask questions during the "Keeper Talk" where keepers inform participants of the nature of exotic animals, their husbandry, and fun facts! The "Keeper Talk" and guided interaction occur simultaneously.

NOTE: Due to the increased amount of handling animals may receive, keepers will monitor animal behavior and give them adequate amounts of time to rest should their behavior indicate that this is needed. Guided interactions are completed based on the animals willingness to participate.

Guided Interaction

The duration of the guided interaction will be the remaining time after the formal presentation if selected, and the group picture.

Please select the amount of animals that participants will be meeting during the outreach and select 1 animal from each group, unless you have indicated otherwise.
